For Immediate Release: Medical Research Consultants establishes New England presence with office in Connecticut Insurance Capital

Medical Research Consultants (MRC), a woman-owned record retrieval and medical records analysis firm, has opened a satellite office in downtown Hartford, Connecticut as of June 22, 2009. Heading up this location, and covering all of New England is new National Account Representative, Katie Marinan Marino. Most recently of UHY Advisors, Forensic, Litigation and Valuation Services, Ms. Marino has over 20 years in sales, marketing, and management.

Katie Marinan Marino
MRC National Account
Representative

As businesses nationwide cope with the recession, MRC saw an opportunity to relieve the pressure on major insurers to reduce costs associated with personal injury claims, both at the adjuster and litigation stages. As a record retrieval and medical records analysis firm with over 26 years' experience in the legal and insurance industries, MRC is prepared to meet the needs of this business segment efficiently and cost effectively. According to MRC's CEO, Doreen James Wise, "Although MRC's primary office is located in Houston, we have always served a national clientele. Our company philosophy supports collaborative partnerships with our clients, and we are excited about this opportunity to build and strengthen relationships where our clients live and work."

Katie Marinan Marino is a natural fit for MRC's new location, with established roots in the Hartford legal community. In addition to her experience at UHY, she spent a sizable portion of her career as Continuing Legal Education Director/Bar Services Administrator for the Hartford County Bar Association. Ms. Marino may be reached directly at kmarino@mrchouston.com or through MRC's toll-free number: 888.868.6769.
